

Experiencing Art and Design

Year 6

I have been exploring Sketching and digital media and I have learnt...

Period – Contemporary art

- **David Shepherd** (1931 – 2017) was a wildlife and conservation artist.

-For over 50 years, David dedicated his life to protecting some of the world's most iconic and endangered animals. Using his talent as an artist to generate funds for their protection, he inspired hundreds of others to follow and, in 1984, established his own wildlife foundation to give something back to the animals that had given him so much success as an artist.

-With a deep fondness for Africa's elephants, many of David's most iconic paintings are of the world's largest land mammal including 'The Ivory is Theirs' and 'Wise Old Elephant'. 'Tiger Fire' was one of his first major fund-raising successes, raising £127,000 for Indira Gandhi's Operation Tiger in 1973. In 2014, he painted an elephant onto one of his palettes for his Foundation's 30th Anniversary black tie dinner raising £50,000 for conservation projects in Africa and Asia.

What is Digital Art?

Digital art is defined as any creative practice that uses digital technology as an essential part of the artistic process.

Word	Definition
Composition	Composition is the term given to a complete work of art and, more specifically, to the way in which all its elements work together to produce an overall effect.
Scale	Scale refers to the overall physical size of an artwork or objects in the artwork. We always relate scale to the size of the human body - how big or small the piece is in relation to us. An artist may decide to use a scale, which is different from life-sized and this will have an impact on how it feels.
Technique	The method chosen to sketch with. These could include; hatching, stippling, cross hatching, contour, smudging etc...
Enhance (using digital media)	Intensify, increase, or further improve the quality, value, or extent of a piece of artwork.

Tiger Fire
